

IFES Daily Prayer Guide

APRIL – JUNE 2023

IFES is generations of students, staff and supporters investing in the next generation. God has blessed this work through the generosity of his people, with supporters like you all over the world praying and giving in love to see each new intake of students reached. Thank you! With global student numbers forecast to expand significantly, will you consider leaving a gift in your will to help future students?

You can find out more about how your legacy could help student ministry thrive at **ifesworld.org/legacy**, by contacting us at **supporter.relations@ifesworld.org** or using the details on the back cover.

DEAR FRIENDS

In 75 years of student ministry, many stories have been told in IFES movements and across our movements. Anniversaries are a natural time to look back and remember. This is one reason we are doing a supporter survey to understand how you came to support IFES, what God has done in your own IFES experience, but we also want to know how to serve you better. Please do take five minutes to complete the survey sent with this prayer diary.

Looking back to enable us to look forward and plan is a vital discipline. Each IFES region, ministry and movement has plans this year, which are unfolding on campuses and at events around the world. Please use these prayer points to stand with them over the next three months. Thank you so much for your prayer support, without which our ministry could not advance.
