**ANDRESSA, ABUB BRAZIL**

---

We face discouragement, overload of activities, and political tensions. We would like to be firm in Christ and aware of God's mission for this time. We ask for prayer for the renewal of leadership in our local groups, and for motivation to continue meeting, growing and announcing the Gospel of Jesus.

**SOFIA, ABUB BRAZIL**

I am starting a Bible study group in my school in our break time. Please pray so God's words may reach thirsty souls and the faith of all the people involved may grow. The school gave me space to share the Bible, but the huge prejudice and lack of interest about "Christian stuff" is a challenge for reaching more people. The group still is small and it's hard to keep moving forward.

Since the beginning of the pandemic, vandalism has been rampant within the university, destroying the physical spaces that for years have trained professionals for our country and the world. The university now uses "borrowed" campuses in the city.

Pray that students will proclaim that in Christ things are made new, and not only can restore the physical, but our soul and heart.

Pray that our Christian students would take advantage of the opportunities they have to study and make a difference amid constant migration.

May they always share the hope that Jesus gives them, even in economic crisis, because only he can bring even the dry bones back to life.

In our country the number of evangelicals keeps growing. That draws society's attention to us and leads to misguided stereotypes. So the challenge is to represent Christ in our actions, stay faithful to the Scriptures, and be united as the church.

Pray for our group leaders as they are going back to their busy routines. Pray that God would renew their strength physically, mentally and spiritually, giving them wisdom to organize everything they need to do. Pray also for our high school groups as they are starting to solidify. Pray that God would renew our concepts about high schools and this generation.

### **LA PAZ GROUP, CCU BOLIVIA**

---

We thank God because we have seen His faithfulness constantly. He has sustained us. Pray with us that God would fulfill his purposes for the small groups, especially the new ones. Pray for courage and strength for our supporters and leaders, that they will remain committed and close to God. Please pray especially that God would reveal himself and give conviction in leadership to the next leaders of our committee. We pray that each member would be a living testimony to the gospel of Jesus. Pray that no one would neglect prayer.

### **TRINIDAD GROUP, CCU BOLIVIA**

---

Thank the Lord because his presence accompanies and strengthens the Trinidad group. Thank him that we have new students in the group. We pray for the new students to commit themselves to the Lord and to his work in the university, for us to have a strong committee, and that the Holy Spirit would be working in our small groups.

### **CECNIC NICARAGUA**

---

Pray for the emotional and spiritual health of the students, for their families, for their studies and for the Lord to encourage and strengthen them. The young people have been a bit absent from the group, a bit down and discouraged, burdened with university. Pray for God to comfort, restore, encourage and lead them in his love.

**EDUIN, ABUB BRAZIL**

---

As in most universities, our schedules are busy. I would like to pray for God to give us strength, wisdom, peace and intelligence so that we can fulfil his calling in this wonderful place that is the university. Please pray for the ministry of ABU here in Medianeira, in the south of Brazil, as well as for the ministry of CCUH in Honduras where I am from. May God give us creativity and intelligence to renew all our Bible studies.

The student ministry in Peru is returning to face-to-face ministry after two years with the campus closed. The challenge is to evangelise a university in a very polarised society with many mental health problems. We need to develop young leaders not only for the church, but for society, and show that Christians can contribute. Please pray that the Lord would bless all of our work in these things, that many students would come to know him for the first time.

### **TERESA, ABUA ARGENTINA**

---

We have about ten small groups, scattered through the big city of Buenos Aires. Many faculties have 25-45,000 students and there is maybe one small group of 10 Christian students willing to commit themselves to share their faith. After the pandemic, when all classes were virtual for two academic years, it has been very difficult to reactivate the face-to-face groups. We thank God for the faithful leaders who remain committed, and pray for a new generation to start 2023 stronger.

Our challenges include different worldviews, and the overload of work in students' lives. Many have issues such as anxiety and depression. Pray that the Lord would renew the hearts, strength and faith of student leaders, to be instruments in his hands. May he enable us to genuinely reach out to the students, and with the Lord's help lead them to the Word so that they may be renewed. May the Lord give us wisdom to respond to their needs.

**JORGE, CBUU URUGUAY**

---

After two years online, the university has returned to face-to-face classes. We are restarting biblical mateadas (inductive Bible studies) in the faculties. We want to form new student leaders and invite colleagues we are just getting to know. Pray for the use of the Matthew's Gospel study guide that we developed together with our student leaders and advisors. May it be a joy to use the fruit of the team's work, as well as an encouragement to share it with students.
