**SINA, SONOKO CAMBODIA**

Some classes have only one Christian or none; may God give us opportunities to reach them. When they ask us about life or Jesus, may God help us to be brave and share the gospel. Pray for Christian students to love and seek God and stand strong in faith. Pray that God would open the hearts of those who don't know him to receive his good news.

I am no longer a student but I want to minister among students as the Lord gives me opportunity. Please pray that I will balance my time and really set aside time for my personal devotion to my Lord Jesus.

Thank God for the opportunity to gather with fellow Christian students and walk together with them in Christ. Pray God would give us courage and compassion to reach out to other students who are searching for a community and/or safe space. Please pray that we would resist the temptations of the world and genuinely live an honest and Christlike life, as witnesses to God's love.

ABRAHAM,  
PERKANTAS INDONESIA

We are just starting offline ministry again after about 2 years of online ministry, so it will be a new experience for some students to set an event and approach other students. Pray for student ministries that have been doing evangelism online and offline for new students since this September. May God bless it so that many of them will accept the gospel and be followed up with discipleship in small groups.
