

WORLD STUDENT DAY

PRAYER CARD

MARI, AFES AUSTRALIA

As Christian students at the University of South Queensland, we are blessed with the opportunity to still gather in university rooms and to have a good relationship with the university, and so we really do have the opportunity to share the gospel to the ends of our campus. Pray for renewal of our evangelism on campus. Pray that our students will be bold in sharing the gospel and inviting non-Christian peers to read the Bible with them.

RENEW

WORLD STUDENT DAY

PRAYER CARD

JONACANI, PSFC FIJI

Please pray for new student leaders in our Christian Fellowship. Pray that God would make us faithful to him in an environment that speaks of a different gospel.

WORLD STUDENT DAY

PRAYER CARD

LIAM, TSCF NEW ZEALAND

Pray that the Holy Spirit would help us reach new people with the gospel. We also seem to be losing numbers, most likely because of the aftermath of Covid but prayer for our numbers to replenish as more students return would be great.

At Lincoln University, our group is much better at discipleship and growing people's faith and less so at actually spreading the gospel and introducing people to Christ.

WORLD STUDENT DAY

PRAYER CARD

LELEA, TSCF NEW ZEALAND

We want to follow Jesus in all aspects of our lives, every day of the week - that God might use us to draw others to himself.

The majority of New Zealanders, and most of our friends, identify as having no religion. Our university lecturers can be scathing about Christianity. There's lots of pressure to shrink back and fit in. At the same time, however, general "spirituality" is becoming more attractive to young people; there are gospel opportunities with that!

WORLD STUDENT DAY

PRAYER CARD

BEN, TSCF NEW ZEALAND

Please pray for growth of the work in Auckland, New Zealand's largest city, where we have an urgent need for more workers. Many of NZ's student groups were significantly reduced in size during the pandemic, and we are praying that these would rebuild so that future generations of students could be reached with the gospel.

WORLD STUDENT DAY

PRAYER CARD

CSU ALBURY, AFES AUSTRALIA

Please pray that students on our campus will yearn to know more about faith. In our context where spirituality is disregarded or ridiculed, pray that Christians will be bold and loving as they share the hope they have in Christ. Praise God that we have the incredible opportunity to hold Bible studies and outreach events openly on our campus. It is challenging to preserve in our faith when so much resistance is presented to us in our courses. God has been growing our conviction through these experiences.

WORLD STUDENT DAY

PRAYER CARD

JOEL, GNYF VANUATU

Thank God for Lineth, a student leader who has helped grow the group at National University of Vanuatu Education School this year. Ask God to solidify this new community, and keep them united around Jesus throughout the rest of the year.

RENEW

WORLD STUDENT DAY

PRAYER CARD

GBUNC, NEW CALEDONIA

We pray for a renewal of student leaders, and also that new students would join our weekly meetings. Most of our attendees are not students, so we would love for some to attend, be touched, and spread the word about the movement.

Please also pray with us that the leadership training taking place between October and January will bear its fruits and that the trainees will overcome their shyness to make 2023 a year full of meaningful and intentional encounters. Our challenge is to reach out to students who do not know God.
