Please pray that our students will be ready to defend their faith, to share the gospel, and face the opposition or discouragements that might come their way. Pray that God would work miracles among us, bringing us to love him and know him more, living out his gospel in our lives.

Please pray that the Lord would grow my “mustard seed faith” (Matthew 13:31-32), making me into a powerful witness to the good news of Jesus Christ. Pray that this will help me to withstand peer pressure and verbal abuse that my faith can bring me.

Pray for strength, guidance, and comfort from God's love through difficult times. Help me to remember that God's power is made perfect in weakness (2 Corinthians 12:9).

Please pray that God would assure me that he is always working all things out for my good and his glory. It's hard when I find my studies difficult, when I don't feel motivated, and when others question my faith.

We pray for a revival of all the ISCF clubs in Trinidad & Tobago, especially those which are dormant at the moment. I find it challenging to attend meetings as well as my classes. Please pray that God would guide me in balancing the two and prioritising one or the other when I need to. I am, however, in a favorable position to share the good news with my classmates. Please pray that God would give me the opportunity, boldness, and wisdom to do so, and that the Holy Spirit would lead them to Christ also.

Our country has been going through a multidimensional crisis for many years, and recently the situation has worsened. Please pray that God would give our politicians wisdom to agree among themselves and find solutions. Pray that the board members, staff, students and friends of the movement would be renewed in their faith in Jesus Christ, relying on his divine and wonderful help. Despite the struggles, they do allow us to live and share our faith in Jesus Christ without risk, which can be a powerful testimony. Pray that people would notice and turn to Jesus themselves.

We should pray using God's promises in the Bible; too often we forget what he can do for us and for our world.

Thank God that I found a community of young people who want to know God as I do. Pray as we navigate the influence of the world's culture, that God would help us be the light of the world.

In a difficult social context with over 30% unemployment, our island is being emptied of its youth, and violence and the scourge of drugs are rampant every day. We want men and women who will hold key positions in the country to be trained. Thank God for the young people who, despite the lockdown, continued online, and for the small group of students and graduates who recently began new work.

Pray that the Lord will call a new generation of consecrated disciples, and that we will find more volunteer staff in churches to guide them. Pray that new groups will find somewhere to meet, and that we can establish strong administration and governance for the ministry.
