

WORLD STUDENT DAY

PRAYER CARD

RUTH, GBEEM MALI

We want to open more high school groups, but the administrations have refused to give us permission. Pray that this barrier will be overcome. Please pray with us that we stay attached to Christ despite everything, being the light that shines amongst students, who have a superficial attitude. They think "just do what you want while you still can." There are many who do not want to hear the gospel. Pray that they will discover true fulfillment in Christ.

TIEMOKO, GBEEM MALI

Pray that Malian students will form a true community in their institutions, that they will be role models, and take every opportunity to introduce Christ to their fellow students. Pray with us that new doors will open for ministry in schools and universities in Mali. Give thanks with us that many Christian students are keen to study the Bible, that non-Christian students are open to hearing the gospel, and we have groups in many institutions. Pray that God would provide for us, and keep us safe in those areas where there is instability.

WORLD STUDENT DAY

PRAYER CARD

ÉRIC, UGGB BURUNDI

Pray that God will renew my way of seeing things, that I may thirst more for his Word, and that he will strengthen my love for all people. Our challenge is that students don't prioritise the movement because of other difficulties and struggles in their lives. Nonetheless, our secular country doesn't oppose ministry, so please pray that we would take all the opportunities that are before us.

I give thanks to God who protects us every day. God has given us a place to meet to share his word, and we are doing evangelism without any problem. Pray that students will be less fearful, that God would provide ways out of poverty for people in our context, that our heart be renewed by God so that we can welcome his will.

We must keep praying, and we must encourage and train students to pray until every student loves to pray and sees the power of prayer.

Please pray that those who already consider themselves to be Christians would wake up and take the claim of Jesus on their life more seriously.

Our country still experiences a lot of insecurity, particularly in the three regions where our student movements are located (Zinder, Tillabery, and Tahoua). Pray for us as we try to reach out with the gospel, even when our friends are not supportive. Pray that our work would be effective, as there are many opportunities, particularly among medical students, where we are making visits to the sick, and donating blood, to share the love of Jesus.
