---

Thank God with us for the work of the Holy Spirit at camp and pray that the students who came would continue to pursue Jesus and grow as disciples. Pray especially that those who had powerful experiences of the Holy Spirit would remain close to God, with the impact overflowing through their lives. Pray also for those “on their way” to Christ.

***ANONYMOUS, CSC MOLDOVA***

---

Pray that God grows student leaders in our country who will be ready to witness Jesus in times of war, and with people who have very different political opinions. Pray that we will speak openly with a Christian perspective of what is happening in the world.

---

Pray for the first event to be held by Christian students in a country in Eurasia where no student group exists yet: a picnic in a park in the centre of the city. Then they plan to set up an English club for their friends. Please pray for their safety and for God to use their boldness and courage to bring new students to Jesus.

---

Pray for the Lord to send workers into his harvest field, especially male workers, as many have been forced to leave the country because of the risk of military conscription.

---

Pray for an upcoming pioneering trip to a city where there has been no student group since 2018, when events were shut down by the police.

God has now sent four international students who are inspired to start a new international student ministry. Please pray for wisdom for those involved, who are from three different countries, that they can pass on the vision for student ministry and restart work suppressed in 2018.

***DASHA, CCX UKRAINE***

---

Please pray for the war to end in Ukraine. We are waiting for a miracle from the Lord. We want to live in peace and security. Please pray for the safety of team members and their families, some of whom are still in occupied territories.

Please lift in prayer the team in Odessa; one staff worker, one face-to-face volunteer, one remote volunteer, and two active believing students. Although Odessa is close to the front and under the guns of warships, we pray for new active students and volunteers. We also need financial assistance for offline meetings and room rental.

***DASHA, CCX UKRAINE***

---

Please pray for students of Ukraine. During the war, students continue to study no matter what. Many universities have been destroyed by bombs, and students have ended up in other cities and countries. Many are depressed or forced to start all over again.

Please support with prayers those of us serving medical students in Odessa. In September, weekly meetings started. We met three new students who went abroad but continue their studies in Odessa online. Pray that even in war, we can bring them the hope of Jesus.
