

IFES Daily Prayer Guide

JANUARY – MARCH 2023

IFES is generations of students, staff and supporters investing in the next generation. God has blessed this work through the generosity of his people, with supporters like you all over the world praying and giving in love to see each new intake of students reached. Thank you! With global student numbers forecast to expand significantly, will you consider leaving a gift in your will to help future students?

You can find out more about how your legacy could help student ministry thrive at ifesworld.org/legacy, by contacting us at supporter.relations@ifesworld.org or using the details on the back cover.

DEAR FRIENDS

IFES continues to reflect on 75 years of God's faithfulness in ministry. Stories of God's miraculous leading, sustaining and protection show his power.

One fairly recent story from a regional general secretaries' meeting in Asia is of a raid by the local security services. They examined participants' laptop computers for information about the ministry in that country – and found nothing. When they left, everyone praised God as they had missed something very obvious. The laptop belonging

to that movement's leader was lying on a table, connected to the projector – but it had been completely ignored! God blinded the security service agents and protected the students, volunteers and staff.

Please take some time to reflect on your own experience of student ministry and praise God for what he has done for you or for someone that you know.
