Alan
InterVarsity Canada

We are excited for spiritually curious students and that we've been able to provide them with welcome and a place to ask meaningful questions. We pray for God to open their eyes so that they might see the ways they are encountering him in their lives and through our community.

Pray for the guidance of the Holy Spirit so that we can lead well and serve student leaders with wisdom. May we be the feet and hands of Jesus Christ – at home with immediate family, with overseas families, students, and neighbours – so that we spread his good news!

Psalm 1

NORTH AMERICA

Pray that God will soften the hearts of all those with religious and non-religious backgrounds and that God will bring more international students who are open to hearing the gospel. Please also pray that Christian students would find time to slow down amidst their busy schedules so they can share God's overflowing love with others.

We work with international students at San Jose State University and it is challenging – sometimes because of team issues and other times because of the few students who come to events. Please pray that we will be able to build relationships with a few students who will make time for us.

Please pray for the relaunch of our Polytechnic Uni group. We will have our first meeting since the pandemic on Monday 23 October. Pray we can be a witness to Christ in the extremely secular environment of this engineering school. May the group be an encouragement for Christian students and a place where those who are searching can find their way.
