

# DAILY PRAYER GUIDE JULY-SEPTEMBER 2025

## DEAR FRIENDS

During a recent trip to Southern California, I was blessed to share a meal with 7 close friends from my university fellowship. We remembered stories from our years together at university 30+ years ago, shared how our children are traversing that same life stage, and talked a lot about how those years set a course for our lives ever since. I was left deeply moved by the significant impact of seemingly insignificant events, comments, devotions, Bible studies, and activities during our years together on campus.

As you pray for students from around the world in this quarter's Daily Prayer Guide, remember that God will use these moments to disciple men and women who will build His church and change the world. Pray that they, too, may look back over 35, 40, or even 50 years and give Him the glory for the fruit that will come from these seemingly insignificant moments.
